This action is in response to the election filed 6/29/05.

Response to Amendment

1. The reply filed on 6/29/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): In the election filed 6/29/05, the applicant failed to elect between the two species, an inductor and a resistor. With the amendment, the applicant has added a new species, a passive element. The applicant is now asked to choose between claims 9-24, toward a passive element, and claims 33-48, a resistor. Claim 9 is generic. The applicant is also (again) requested to choose between the two species, between an inductor and a resistor. The applicant is asked to again affirm the election of device claims, or opt to elect method claims as no office action has been completed. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
